

# The C. G. Jung Society of New Orleans

## Statement of Purpose

Following the general thrust of Carl Jung's analytical psychology, the Society presents an interdisciplinary program to foster self-understanding by the individual.

Jung's deepest interest was in arriving at insights capable of bringing genuine help to the individual. His theories laid the groundwork for a new understanding of man, the significance of which extends far beyond the boundaries of psychology in the conventional sense.

The goals of the C. G. Jung Society, then, are to offer a forum for the exchange of ideas in the sphere of the humanities, that family of knowledge that deals with what it is to be human, to make value judgments, and to select wiser courses of action.

As Jung often stressed, it is within the individual, and not on the level of collective social measures, that the problems of our age must be met and the foundations for a healthy democratic society preserved and strengthened.
